

XERF™

Welcome to Structural Skin Tightening

CYNOSURE® LUTRONIC®

Intended for distribution in the United States only.

The XERF device is intended for use in dermatologic and general surgical procedures for electrocoagulation and hemostasis.

All instances of the term "skin tightening" are used to describe tightening effects that occur via soft tissue coagulation.

Cynosure, LLC and Lutronic Aesthetic, Inc. do not diagnose or treat medical conditions, prescribe treatment protocols, provide medical advice, or otherwise practice medicine. Patient should consult with a qualified healthcare professional for diagnosis and proper treatment protocols/parameters to determine if treatment with any product is right for them. Qualified healthcare professionals are responsible for diagnosis and treatment protocols using products.
